<p>HIRSH SINGH, Petitioners,</p> <p>v.</p> <p>HONORABLE Ann F. ---	--

Petitioner, Hirsh Singh (“Singh”), hereafter states:

1. Petitioner is a candidate for the respective office of United States Senator, in the State of New Jersey, in the Republican Primary Election held July 7th, 2020 (“Primary Election”).
2. Petitioner has reason to believe, and does believe, that errors were made in the counting of the votes from all Districts, its tabulation by each District Board and by the Morris County Board of Elections/Board of Canvassers, and in declaring the results of the subject Primary Election.
3. At all times relevant herein, the respondent, Morris County Board of Elections and the Morris County Clerk maintain custody and control of all votes, whether

mail in or provisional, used in the Primary Election. The Morris County Board of Elections and the Morris County Clerk have been made a Respondent in this suit because each has such custody and control of materials necessary to effectuate a Recount and Recheck.

4. At all times relevant herein, the Respondent, the Morris County Clerk has certain requirements to perform in recounting and rechecking votes in accordance with the requirements of N.J.S.A. 19:28-1, et seq., and serves as Clerk to the Morris County Board of Canvassers per N.J.S.A. 19:6-26.

5. At all times relevant herein, the Respondent, Morris County Board of Elections, is the custodian of the mail-in ballot applications, envelopes, mail-in ballots, emergency ballots, provisional ballots, examination of the rejected mail-in ballots and provisional ballots, affirmations and envelopes, and other paraphernalia associated with respect thereto. Furthermore, the Respondent, Morris County Board of Elections is charged with the duty of conducting the recount and recheck of all mail-in ballots in accordance with the requirements of the election laws at a time and place established by the Court.

6. N.J.S.A. 19:28-1 and N.J.S.A. 19:28-2 provides for a recount of the mail-in ballots upon deposit as the judge shall direct but not exceeding \$25.00 for any one district. The Petitioner, therefore, applies for a recount and recheck of the mail-in ballot applications, envelopes, mail-in ballots, emergency ballots, provisional ballots, affirmations and envelopes, and examination of the rejected mail-in ballots and provisional ballots, and any other paper ballots and electronic cast or paraphernalia use in all Districts of Morris County.

7. Petitioners are entitled to a recount and recheck of the mail-in ballot

applications, envelopes, mail-in ballots, emergency ballots, provisional ballots, affirmations and envelopes, and any other paper ballots cast and electronic devices used pursuant to N.J.S.A. 19:28-1, et seq. and 19:52-6, et seq.

8. Pursuant to the provisions of N.J.S.A. 19:28-1 (Recounts), and N.J.S.A. 19:52-6 (Recount of Irregular Ballots), the aforesaid Petitioners demand a recheck of all ballots, irregular ballots, emergency ballots, mail-in ballot applications, envelopes, mail-in ballots, emergency ballots, provisional ballots, affirmations and envelopes, and any other paper ballots, hand recount of the mail-in ballots and provisional ballots, and examination of the rejected mail-in ballots and provisional ballots, for all votes cast within all Districts of Morris County, in the July 7th Republican Primary Election.

9. Petitioners further request that, because of the narrow margin of votes separating Petitioners from the Respondent, and the extra-ordinary nature of this newly created and primarily Mail-In-Ballot system due to the COVID-19 epidemic, a recount and recheck will protect the sanctity of the ballot which serves the public interest in the outcome of the Primary Election, thus both further substantiating the necessity of a recount and recheck and warranting that the judge prescribed deposit per district fee be waived for the recount and recheck.

10. In order to ensure the veracity of the recheck, the Petitioner requests that the Court require the continued impoundment of the all votes by the Morris County Board of Elections, their agents, servants or employees and others acting in concert with them and, except for the purpose of conducting the Recheck, prohibit the movement, interfering, storing, or otherwise changing the present status quo of all votes used in the Election until

such time as the results of the recount and recheck have been certified and until any challenge to the election has been completed.

11. In the event the Court does not enjoin the Morris County Board of Elections, their agents, servants or employees from movement, storing, or otherwise changing the present status quo of all votes used in the Election, the Petitioner will be immediately and irreparably harmed as being unable to verify the canvass of votes and ascertain the status of the number of votes at the close of the subject Primary Election and whether Petitioner should be declared the successful candidate.

WHEREFORE, the Petitioners seek relief as follows:

A. In accordance with the statutes in such cases made and provided, that the Court Order a recounting and rechecking of all ballots, irregular ballots, emergency ballots, mail-in ballot applications, envelopes, mail-in ballots, emergency ballots, provisional ballots, affirmations and envelopes, and any other paper ballots, and hand recount of the mail-in ballots and provisional ballots, and examination of the rejected mail-in ballots and provisional ballots for the Primary Election in accordance with N.J.S.A. 19:28-1, et seq. and N.J.S.A. 19:52-6 et seq.

B. That the parties or their representatives shall now, during and after the conclusion of the physical recount and recheck be allowed to examine, copy and/or scan the registry books, voter authorizations, mail-in ballots and mail-in ballot applications, rejected and late arriving mail-in ballots, envelope flaps, outer envelopes, inner envelopes, provisional ballots, affirmations, messenger book, office orders, order lists, orders to vote, challenge lists, challenge sheets, peremptory order lists, District Board returns and

canvases, repair records, complaint or inquiry records, irregular and emergency ballots, and any or all other papers, documents, emails, electronic communications and records related to the Primary Election, as may be requested by them, under the supervision of the officials in whose custody those items may be.

C. That the Respondents shall continue the impoundment of all ballots in any form, except for the purpose of conducting the Recheck, shall prohibit the movement, interfering, storing, or otherwise changing the present status quo of all votes used in the Primary Election until such time as the results of the recount and recheck have been certified and any challenge to the election has been completed.

D. That the Court waive the judge prescribed deposit as per N.J.S.A. 19:28-2 per District fee for the hand recount and recheck of the mail-in and provisional ballots.

E. Other just and equitable relief consistent with this Petition as may be deemed necessary by the Court.

Petitioner, Hirsh **Singh** (“**Singh**”), hereafter states:

1. Petitioner is a candidate for the respective office of United States Senator, in the State of New Jersey, in the Republican Primary Election held July 7th, 2020 (“**Primary Election**”).

2. **Factual Background**

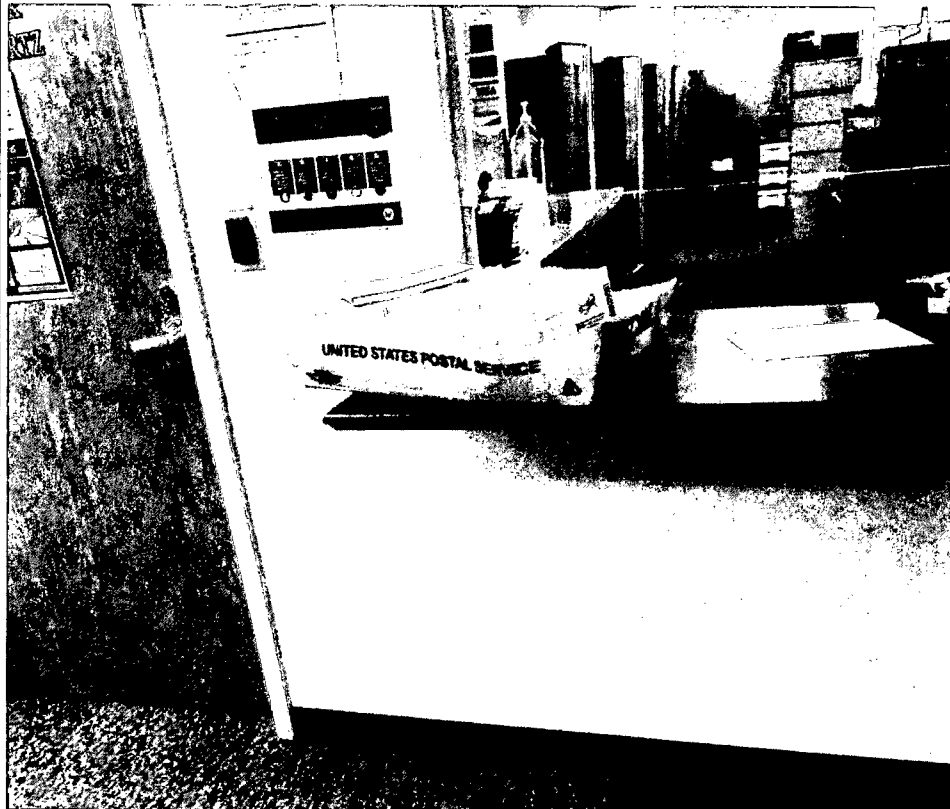

On March 9, 2020, Governor Murphy declared a public health emergency in New Jersey related to the COVID-19. Exec. Order No. 103. Since then, Governor Murphy has issued numerous overreaching executive orders in responding to COVID-19. The primary election was initially to be held on June 2nd, 2020 but was moved by Governor Murphy to

July 7th, 2020 using Executive Order 120 ("EO 120"). Also, relevant to the immediate proceedings is Executive Order 144 ("EO 144"). **Therein, Governor Murphy ordered that** the July 7, 2020 primary election was to be conducted primarily via vote-by mail ballots. With EO 144, Governor Murphy expanded the number of voters eligible to receive vote-by-mail ballots, and expanded the time for vote-by mail ballots to be received from 48 hours after the election to one week after the election. EO 144 created an unprecedented amount of vote-by-mail and provisional ballots being cast in the July 7, 2020 primary which has subsequently led to massive voter disenfranchisement with over 40,000 ballots having been Rejected that was so far reported, Democrats receiving Republican Ballots, Republicans receiving Democrat Ballots, some partisan voters receiving no ballots and an unfair barrier to vote for unaffiliated voters. There are countless ballots that we are not aware of at this point in time. This election should be set-aside because it was illegally created using State Executive Powers where the U.S. Constitution Article 1 Section 4 clearly states **"the times the places and manners shall be prescribed in each state by the legislature"** meaning the NJ Assembly and NJ Senate (Arizona State Legislature v Arizona Independent Redistricting Committee. [2015]) The guidelines to conduct a Federal Election is vested in the State's Legislature. The US Senate primary election held on July 7th has been illegitimately certified with incomplete and fraudulent results.

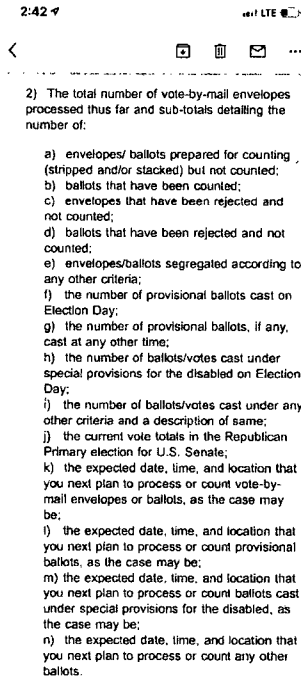

Petitioners Findings:

I visited multiple Boards of Elections and contacted commissioners and others involved in the counting process to attempt to observe and found a number of irregularities and concerns starting Primary election day July 7th. On July 9th I visited the Burlington County

Board of Elections and witnessed a man in an unmarked vehicle without US Postal uniform attempting to deliver ballots to the Board of Elections. There was no one at the Board of Elections to receive the ballots as such we walked together to the 3rd floor of that building to the Burlington County Clerks office to see if they would be able to receive the ballots. **We were told no. These ballots were then loaded back into the gentleman's unmarked vehicle and he left.** I hope these ballots were eventually received, and I would like to note the right most ballot was stamped July 8th a day after the Primary Election. This picture was taken at 4:11PM.

On July 12th we sent an email data request under OPRA to all 21 counties asking pertinent questions such as:

On July 17th upon learning that some ballots were being counted that were stamped with a July 8th date in certain counties like while others stamped July 8th were not being counted and being handled differently in in each county I reached out directly to the Secretary of State's representative responsible for developing the states protocols for the election and certifying election results. This was done to no avail as we received no response from the Secretary of State.

Mr. Giles,

Please see the email below.

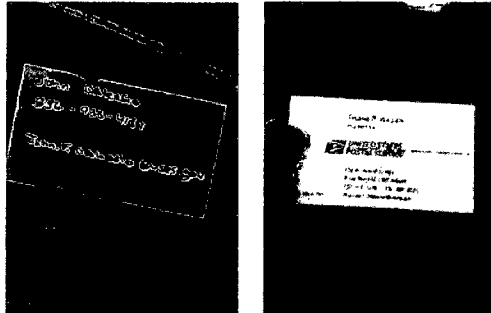

We have grave concerns about the conduct of the election including the preservation and counting of ballots. Specifically what directives have been provided to the county clerks? What are the protocols that have been provided and who is responsible for ensuring that those protocols are complied with?

Very Respectfully,

CONFIDENTIAL INFORMATION

I started reaching out to USPS Representatives. I went to multiple Post Offices and met with multiple Postmaster General's responsible for delivering Ballots to Boards of Elections – they pointed to an individual who was responsible for all mail-in ballots at USPS.

We were not able to get in touch with Mr. DAlessio after attempts at calling, emailing, and

going to his place of business.

We received contradictory information between Union County with our data request and the certified results by the Secretary of State. Union County provided us a preliminary list of Rejected Ballots that numbered a total of 2957 rejected ballots with 756 Republican and Unaffiliated rejected ballots included below. The Secretary of States Office stated Union County rejected only 2452 ballots which starts a pattern of data that is inconsistent across the state regarding this election.

Primary Election Schedule Per Regular Election Statute:

Board of Canvassers are to have results canvassed 10 days after the election.

July 17th

Election contests were to be filed within 12 days after election day.

July 19th

Recounts were to be filed within 17 days after election day

July 24th

Election contest can be filed within 12 days of completion of a Recount.

So far September 1st

With a lack of results as we entered July 24th the 17th day after the election, with commiserate concerns to protect our right to challenge results we filed for still very far away were originally expected to be fully canvassed 10 days after election by July 17th.

The Associated Press erroneously called the Election on July 10th with about only 50% of the ballots counted and only a 12000 vote difference. Most Press and media stopped covering the election results on July 16th in an attempt to push me to concede the election.

After it was clear our campaign would wait till results came in fully, Washington Post started covering the race again.

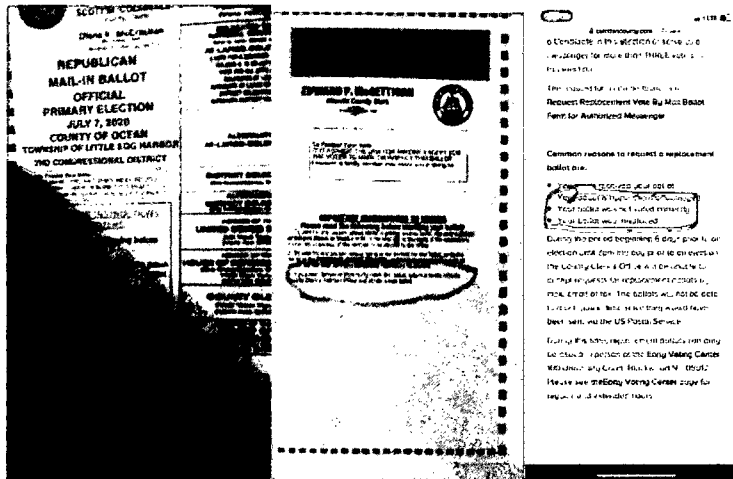

Attempt to Recount

Having reason to believe an error had been made in the counting of the vote, Petitioner on July 27, 2020, filed a Verified Petition pursuant to N.J.S.A 19:28-1, et-seq. seeking a hand recount and recheck of the VBM and any other paper ballots cast on the election in all counties and all districts of the state. Election results were fraudulently certified on August 9th. The Attorney General's office, challenged our right to recount across all 21 counties and has successfully convinced Superior Court judges to deny our right in all but 3 counties.

Failure of Election Databases and Voter Disenfranchisement

This initial delivery of ballots had large problems across all 21 counties but common themes included computer errors from Board of Elections that incorrectly attributed a party designation for an individual. Registered Republicans were sent Democrat Ballots and upon their contacting the County Clerk were told that the government system stated their party affiliation incorrectly. Every person who had this problem was allowed to change their party to the affiliation of choice but were completely disenfranchised for the Primary election. Protocols for this election are normally public and provided transparently to all, but that was not the case in this election. **The Attorney General's office on June 25th, conducted election interference when they sent the Singh for Senate Campaign a Cease and Desist letter, illegally claiming that our direction on requesting duplicate ballots was incorrect.** This clearly is inconsistent with N.J.S.A. 19:62-5 Replacement Ballots **which reads** "*Nothing in this section shall prevent a voter seeking a replacement ballot from obtaining such a ballot from the county clerk or municipal clerk anytime after ballots*

have been mailed to registered voters pursuant to subsection b. of section 2 of P.L.2005, c.148 (C.19:62-2) and before the day of the election or from mailing a replacement ballot to the county board of elections prior to the day of the election. L.2005,c.148,s.5.” It is also inconsistent with guidance on the Camden County Clerk Website, and numerous ballots sent out across the state.

This Cease and Desist letter was leaked to the press and used to defame and libel me. Multiple Republican county chairs that supported my opponent used this to publicly ask me to suspend my campaign to further confuse voters. No response was provided on my call to the Deputy Attorney General that sent the Cease and Desist letter Mr. George Cohen.

This Cease and Desist letter was leaked to the press and used to defame and libel me. Multiple Republican county chairs used this to publicly ask me to suspend my campaign to further confuse voters. No response was provided on my call to the Deputy Attorney General that sent the Cease and Desist letter Mr. George Cohen. Upon calling the phone number on the cease and desist letter I was given no reply. The cease and desist letter was intentionally leaked to the press including Politico and was used by our political opponents to confuse the population and give direction to Board of Election workers from counting our supporters duplicate ballots. We requested information from the Secretary of States office on the election protocol but it was not provided to us. Same request was made to the Attorney General's office.

New Jersey's July 7th Primary Election was the second highest turnout in New Jersey Primary history if taken as a whole. This fact betrays the fact the increase was partisan and only manifested in Democrat Turnout while Republican Turnout was heavily reduced. It

was the first primarily, vote by mail primary and used the United State Postal Service to conduct delivery of the Mail-In Ballots. Mail-in ballots could also, hand deliver to USPS locations, official drop boxes or be delivered to the county clerks office. Machine voting was limited only to people that were both disabled and pre-registered to vote at a machine. If you wanted to vote in person, you had to use a provisional ballot at poll locations. We requested to know how many Democrat, Republican, and Unaffiliated ballots were printed and mailed out but no numbers were provided. As per the Secretary of States office they say approximately 457,000 Republican Ballots were received in this election.

Problems with Delivery of Ballots before and After election:

I personally witnessed problems with delivery of ballots, for example in Burlington County, I stopped by the Board of Elections office and not a single individual was there to receive the ballots. We went to the 3rd floor where the County Clerks office was to attempt to have these ballots that were held by what I assume was a USPS worker (he had an unmarked car and was not wearing a USPS uniform) but they said they could not accept the ballots. Only approximately 403,000 Republicans voted for US President and approximately only 407,000 Republicans voted for US Senate. That means officially greater than 49,000 or greater than 10% of those that officially cast their ballot did not vote for the top 2 offices on the ballot. This is more than double the number of votes that did not vote for the top office in 2016 Republican Primary. We think this is due to man thousands of incorrectly received ballots where one would either receive a ballot of the wrong party or would not receive a ballot at all. Approximately 40,000 ballots were rejected for a number of reasons and though I asked every single county for this specific

information only one county (Union County) provided a preliminary review of the Rejected ballots. **This contradicts the Democracy Canon which states** “*Since Owens, the Democracy Canon has been applied primarily in three contexts: vote counting cases, in which someone relies upon the Canon to argue, following an election, for the counting of ballots that have not been counted because of minor voter error, election official error, or a disputed reading of a relevant statute; voter eligibility/registration cases, in which someone relies upon the Canon to argue, before an election, that a voter or certain group of voters who have been told they cannot vote should be allowed to cast a ballot that will be counted even though election officials have determined they cannot register or vote because of minor voter error, election official error, or a disputed reading of a relevant statute; and candidate/party competitiveness cases, in which a candidate or political party relies upon the Canon (and particularly upon the voters' right to vote in a competitive election) to argue, before an election, that a certain candidate or party should be allowed to run in an election or appear on an election ballot, even though election officials have excluded the candidate or party from the ballot because of minor candidate or party error, election official error, or a disputed reading of a relevant statute. Vote counting cases are the most prevalent type of cases relying on the Democracy Canon, but the Canon has been deployed in all three kinds of cases across a number of states over more than a century.*” **County’s did not** furnish the campaign with transparency or information in a timely fashion in violation of the Powers of a Challenger which reads NJSA 19:7-5 “*reads Such challengers shall be the authorized challengers for their respective political parties and candidates or for the proponents or opponents of a public question. They shall have the power to challenge the right to vote therein of any person claiming such right and shall have power to ask all necessary questions to determine this right. They may be present while the votes cast at any election are being counted, hear and see the ballots counted*

and shall have the right and power to challenge the counting or rejecting of any ballot or any part of a ballot. They shall be entitled to ask the members of the district boards of election at each polling place, no more than every two hours, for the official count of how many voters have voted at each precinct, and the district boards of election shall provide this information as the notice required pursuant to section 1 of P.L.2018, c.110 (C.19:52-3.1) Amended 1956, c.66, s.4; 2018, c.110, s.2.” Requests for recount were filed in all 21 counties, but where our concerns were greatest we were denied. Our requests for recount, a very common occurrence in elections was denied outright even though we stated very real concerns with the ability for optical scanners to correctly tabulate a ballot that was tabulated with **clear intent but did not pass through the “bubble” of the ballot. If a checkmark, an “X” or a voter circled the bubble, an optical scanner would count that a vote was counted without tabulating a vote for any candidate.**

3. Grounds to Contests the primary election:

a. Malconduct, fraud or corruption on the part of the members of any district board, or of any members of the board of county canvassers, sufficient to challenge the result;

- i. Upon information and belief Middlesex County Board of Elections incorrectly state the number of votes cast in their county to 112,429 votes, but internal documents have their initial number at 116,200 ballots and this number should have been increased by an additional approximately 1500 ballots. (pictured below from page 3 of July 31st BOE request for extension by Middlesex County BOE)

previous election in Middlesex County. For the July 7 Primary Election, the Board received approximately 102,500 mail-in ballots and approximately 14,200 provisional ballots in Middlesex County.

5. In addition to the unprecedented number of mail-in and provisional ballots cast in the Primary Election, the statutory deadline for receipt of mail-in ballots by the Board (48 hours after the close of the polls for mail-in ballots postmarked no later than the day of the election, N.J.S.A. 19:63-22), was extended by EO 144, §14, to seven days after the close of the polls, or July 14, 2020 at 8 p.m. That has meant that in order to ensure that no more than one vote per voter is counted in the Primary Election, the review of provisional ballots by the Board of Elections could not begin until after 8 p.m. on July 14. This is necessary to ensure that a provisional ballot is not counted from a voter who also submitted a mail-in ballot to the Board.

6. Due to the above-cited unprecedented number of mail-in and provisional ballots received by the Board, and the limited time provided for the review process required for provisional ballots after July 14, the Board will be unable to complete its review, canvass and count of all of the mail-in and provisional ballots received in the Primary Election by the July 24, 2020 deadline.

3

- ii. Upon information and belief Middlesex County Board of Elections has thousands of ballots that were neither processed or counted as of August 6th.
- iii. Upon information and belief 6 other counties did not provide their final vote totals even on the day the Secretary of State officially certified the results.
- iv. New Jersey SOS BOE illegally certified incomplete election results. I

called the SOS Board of Elections when news broke that results were certified and asked if this was true. I was told that, "yes" the results were certified. I was aware that some counties had not be completed and asked if there were still counties that had not finalized their results, the BOE representative told me that there were a number of counties that had no completed their count but that they had deadlines and had to certify by that time even though they were complete. I asked her to send me a list of the counties that did not complete their vote yet. She said she would contact Donna Barber and have her send me an email that would show which counties had still not provided final results. They did not provide me an email with the information that they said they would. I was told the BOE would just amend their numbers when they were finalized. This is not the intent of the law when it comes to certifying an election and skirts the intent of certification.

b. When illegal votes have been received, or legal votes rejected at the polls sufficient to change the result;

- i. Upon information and belief illegal ballots dated July 8th were received by the US Postal Service and those votes were counted, while other ballots dated July 8th were not counted. Some counties counted some July 8th post marked ballots and some counties did not count any July 8th post marked ballots.

- ii. Upon information and belief thousands of legal votes were received that were denied being counted. We have an incomplete listing of individuals from across the state that expressed extreme frustration with the disenfranchisement of the process.
 - iii. Ms. Marta Horvath observed stacks of provisional ballots that were filled out and not in envelopes in Mercer County. She did not want to use a provisional ballot and requested use of the machine that was there and available. She was denied the right to use it and attempted to be re-enfranchised and went in front of Superior Court Judge to ask why she was not allowed to use the voting machine to vote. She was told the machine was only for those that are disabled. She said she was discriminated against for not being legally disabled. As a healthy person and a disabled person is not a different class of American Citizen how can the state illegally bar an American Citizen their choice method of voting, especially if the apparatus was there and able to be used.
- c. For any error by any board of canvassers in counting the votes or declaring the result of the election, if such error would change the result:
- i. Middlesex County – Internal documents I obtained showed that 116,200 mail-in and provisional ballots were received by Middlesex County Board of Elections. This number did not include 11 bags of

provisional ballots that we learned were also in MCBOE custody. We entered the premises and asked to inspect the 11 bags but were denied access to the bags of ballots. Site Administrator Lynch contacted the Attorney General's office and let us know they would not give us access to the bags on that day but a hearing would be conducted 2 days later where we could inspect the bags with the commissioners. At the hearing all 11 bags were opened and approximately 1100-1500 ballots were reviewed and voted on. Decision was made to throw away none of them but they were not added to the 116,200 number from documents we obtained. Secretary of State Department of Elections office states that only approximately 112,000 ballots were cast in Middlesex county. Site Administrator Lynch told me August 6th they completed counting all ballots. BOE workers that regularly reported to me showed me proof of ballots that were neither processed or counted as of August 6th and contradicted the words of the Site Administrator.

- ii. Bergen County – illegally barred me from challenging the counting process. We entered the Board of Elections and were stopped from witnessing and observing the process. Republican County Commissioners attempted to intimidate me and told me I was not allowed to be in the room.
- iii. Monmouth County – illegally withheld cure letters from being sent

out in a timely manner. Monmouth County would not provide public information regarding the number of ballots received, counted, uncounted, or rejected.

iv. Burlington County – illegally withheld cure letter from being sent out for my voters in a timely manner and then subsequently disenfranchised an unknown number of voters.

v. Somerset County –

vi. Essex County

d. For any other cause which shows that another was the person legally elected:

i. Unaffiliated Voters were disenfranchised by providing a barrier to vote that was unjustified in majority of counties while Middlesex County provided both Democrat and Republican ballots to unaffiliated voters. Under the equal protection clause every county should have administered the same process but this did not occur and should invalidate the election.

4. Petitioner hereby reserves the right to supplement, amend, and plead additional claims as they arise and assert all right under N.J.S.A. 19:29-5.

WHEREFORE, the Petitioner respectfully requests the court:

A. Issue an Order setting a suitable time and place for a hearing to review the objections set forth herein, to commence not more than (30) days after filing of this Verified

Petition;

B. Permit the petitioner, his agents, servants, or employees, prior to the date set for hearing in this matter, to review and examine all books, papers, tallies, ballots, applications, envelopes, envelope flaps, signatures copy registers, voter books, voting authorizations, messenger books, rejected mail-in ballots, and any other election materials, records, emails, reports, receipts or any other documents or election paraphernalia which may be requested provided said examination occur on notice to all interested persons and in the presence of the appropriate official and representatives of Petitioner and/or Respondents;

C. Permit the parties, their agent, servant or employees, on three (3) days notice, to take depositions of persons who participated in the election process, served as election officials, or who may otherwise be believed to have knowledge that would lead to relevant information with regard to the matter set forth herein in this petition, and grant the a petitioner and his agents and employees authority to issue subpoenas compelling the attendance and testimony of witnesses for depositions and trial;

D. Consider, at the hearing, the allegations of the legal votes rejected and the illegal votes accepted, the problems with the election process, and such other grounds as pleaded or may be presented at trial and issue a ruling on said allegations;

E. Declare, after the hearing, that Hirsh Singh is duly elected; or declare that it cannot be determined with reasonable certainty who received a plurality of the votes cast for the position of **New Jersey's Republican Candidate for US Senate**.

F. **Enter an Order annulling Respondent's certificate of election pursuant to**

N.J.S.A 19:29-9. In the event Respondent has been sworn into office, remove Respondent from office, and enter an order pursuant to N.J.S.A. 19:3-25, declaring the office vacant pending the holding of a special election for the position of New Jersey Republican US Senate Candidate.

G. Set aside the results of the election for the position of Republican Candidate for US Senate for the state of New Jersey, declare vacancy in the position of Republican Candidate for US Senate of New Jersey pursuant to N.J.S.A. 19:3-25, and order a special election be held in accordance with N.J.S.A. 19:3-26 and N.J.S.A. 19:2-3

H. Award Petitioner damages, recount fees, and costs for this application; and

I. Grant such other relief as may be just and equitable.

APPENDIX 13

SUPREME COURT OF NEW JERSEY

Whereas, pursuant to N.J.S.A. 19:29-2, when any petition contests an election "voted for by the voters of the entire State or more than one (1) county thereof, the contest shall be heard by any judge of the Superior Court assigned for that purpose by the Chief Justice of the Supreme Court";

It is ORDERED that Assignment Judge Stuart Minkowitz is assigned in accordance with N.J.S.A. 19:29-2 as the Superior Court judge to hear all petitions filed by Hirsch V. Singh either contesting the July 7, 2020 primary election results or seeking a recount of the votes cast in that primary election; and

It is FURTHER ORDERED that any and all still pending recount petitions previously filed by Hirsch V. Singh in the interest of justice and in accordance with N.J.S.A. 19:29-2 shall be consolidated and heard in conjunction with the petition contesting the primary election.
