Re: *Valeant Pharmaceuticals Int'l, Inc. v. Zachary Silbersher*, No. 23-1093

Dear Clerk Harris,

I represent respondent Zachary Silbersher in the above-captioned matter. The petition for a writ of certiorari in this case was filed on April 4, 2024. The Court requested a response on May 2, 2024, with a due date of June 3, 2024. On June 3, 2024, this Court granted a motion to extend the time to file the response to and including July 3, 2024.

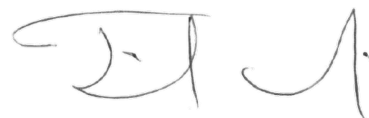

Respondent respectfully requests, under Rule 30.4 of the rules of this Court, a further extension of time to and including August 9, 2024, to file the brief in opposition. This is the second request for an extension of time.

Counsel for petitioner consents to this request.

The extension is warranted because the press of other business, including briefing deadlines and filing deadlines for multiple civil complaints, will make preparation of the brief in opposition by the current deadline difficult. This extension is also being sought, in part, as an accommodation to counsel for petitioner, who has other professional and personal obligations that would make preparation of a reply brief difficult in early July. No prejudice or material alteration to the Court's schedule will result from this extension because, whether it is granted or not, the petition will be distributed in time for consideration at the conference on September 30, 2024.

Thank you very much for your time and assistance in this matter.

Respectfully submitted,

Tejinder Singh
