Re: *Environmental Protection Agency v. Calumet Shreveport Refining, L.L.C., et al.*, No. 23-1229

Dear Mr. Harris:

The petition for a writ of certiorari in the above-captioned case was filed on May 20, 2024, and docketed on May 22, 2024. Respondents' response is currently due on June 21, 2024. Pursuant to Supreme Court Rules 15.3 and 30.4, respondents respectfully request a 35-day extension, to and including Friday, July 26, 2024, to file their response to the petition.

The requested extension is necessary because of the press of deadlines in several other matters. Moreover, this case involves petitions for judicial review filed by six separate respondents, and the preparation of their joint response will require coordination. It is also necessary for respondents to prepare responses to two separate petitions for a writ of certiorari. See No. 23-1230.

Petitioner, which requested and received a 30-day extension of time to file its petition for a writ of certiorari, consents to this request. Respondents Growth Energy and the Renewable Fuels Association also consent.

Respectfully submitted,

Michael R. Huston
