QUESTION(S) PRESENTED

- I Whether Lower Tribunal did not have duty to cure want of jurisdiction by transfer of the case to either MDL or to Criminal Court?
- II Whether Trump Et. Al. did not violate any criminal law without temporal limitation, when they unleashed whistleblower retaliation against the Plaintiff and her child - a court protected minor on campus of UC Berkeley in 2018?
- III Whether involuntary religious bootcamp reeducation of humanist student did not violate Free Exercise Clause and the Establishment Clause of the US Constitution on the soil of UC Berkeley.
- IV Whether the Lower Tribunal did not abuse its discretion when discharged case as untimely, while repeatedly informed that opposition steals USPS mail and throws Plaintiff and her son in false imprisonments to ensure no timely court filing was possible?

Statement of the Case

1

in 2020 I rescued my barely 18y.o. child from slavery twice.

Whoever traffics my son in broad daylight has the authority to put law enforcement in two states and Washington D.C. in a bind. Neither sheriff, nor police, not even FBI could help me find my son since last year to today. My Court restrained DV offender husband knows exactly where our son is kept.

Husband contacted him repeatedly, indeed he masterminded horrific assaults on own child. Evidence of child abuse 2018-2020 and earlier is in possession of US DOJ. My husband' ties with the Washington D.C. US Justice department goes 40 years back, to President Reagan' administration. We are residents of Fl.

Now our son is kidnapped again, kept in California. Law enforcement knows who holds my child but ordered not to tell me - his court appointed parent - the only guardian left in his life. My son is gag ordered by kidnapers in Securitas, as well as police and sheriff's uniforms since before 2020. In California some of them wore DHS uniforms. Secret Service guards of Morgan Chase and a number of other banks, as well as security personnel of multiple major and minor hotel chains ^{ll}bank are also involved in international human trafficking ring that enslaved my child with his fathers knowledge, blessing and participation— he profits from crypto mining slavery proceeds.

Should any out of state or any Ca. wellness check be conducted, my son is instructed under the barrel to utter only the scripted answers. He would be tasered, beat up or worse as happened so many times before- while handcuffed- should he disobey the script. There are photos and videos of his scars from assaults, they were submitted to San Francisco US DOJ together with medical tests reports showing repeated poisoning/drugging of my child when he was still underaged. Poisoning, assaults and more heinous crimes by my husband's circle are documented over more than 20 years now. Child was first abused as a mere toddler. I reported it to Gainesville DCF in 2004, I did not know that it was with my husband' approval at that time. DV survivors are often blind to own assaults, child abusers are skilled at concealing it, blaming the innocent.

Unless a more powerful order releases the double bind tie on hands of the law enforcement, my son is dead by paternal design. He is the Hostage of his father's coconspirators, if he is still alive. It's time to release my son before too late.

My husband- the Stanford and Yale alum law professor - knows how to manipulate the system, what lies to say to DHS about own wife and son to put their names on the terrorist watch list. 13 y.o. child's cartoons were used against him ~~by the father in~~ 2015 when

against him by the father in 2015 when the world was not aware yet of the white nationalist extremists movement. But my husband knew and welcomed it together with his bitcoins-trust fund bound family.

Extremists already started using jails and prisons as internment holds. I was thrown in one repeatedly in Ca., there is the same and more in Fl. Unbeknownst to population at large. Times of internment should come to a stop, not to be officially reinstated under the cover of Patriot Act, misused for too long by the force tasked with protecting innocent civilian lives from domestic terror. Last time I was thrown in internment for "trespassing " in own rented apartment territory I was told " you'll be deported too if you as much as get a ticket for riding a tram" while penniless. Now in Fl. I'm trespassed for coming home to own house; internment

Aa

coming home to own house; internment or deportation back to Russia where I came from 40years ago is what my husband has in mind for me, he already labeled own child and wife as terrorists, he leaves the rest to the law in Fl. under the misused patriot Act, furthering concealment of his crime without a statute of limitations.

What happened to my child since he was underaged is called slavery(used as involuntary crypto mining labor commodity), it is also a hate crime.

GOVERNMENT WATCH LIST NOTICE

The federal government maintains a list of names of people who may be associated with a known suspect, are a known suspect themselves, or are under "reasonable suspicion" of involvement in an extremist group or terrorist activity.

Did you know? If Cooper Collier's name appears on

Any and all extremism on both sides of the isle is terror. Hostages don't care which side saves them, you wouldn't if you were one. Wrong can be righted by anyone, it doesn't take a hero. Takes just a right person in the right place at a right time to prevent a catastrophe.
