

THE SUPREME COURT
FOR THE UNITED STATES OF AMERICA

Eric Bartoli
- Petitioner

vs

Originating Case: 23-3983

United States of America

Motion Seeking A 60-Day
Extension Of Time

Now comes the Petitioner. Eric Bartoli, pro se and informā pauperis, with a motion seeking a 60-day extension of time to file a writ of certiorari with the Supreme Court of the United States. He is seeking an extension due to the fact that this institution, FCI Loretto in Loretto, Pennsylvania, is short-staffed and as a result there are interruptions in service. This includes the library, law library and typing room. Also, there have been no copy cards for five out of the last six weeks so we can't make copies of our work or documents that serve as exhibits for our arguments.

Given what has been stated the Petitioner asks the Honorable Court to GRANT the request for an extension.
