Statistics and Reports

Statistics

Automatically confirmed
as work authorized
98.3%

Confirmed after initial
mismatch
0.3%

Not found authorized
1.43%

Uncontested mismatches
1.3%

Contested mismatches
not found authorized
0.01%

Unresolved
cases
0.14%

Total E-Verify Cases: 15,640,167

Cases not found work authorized: 224,365
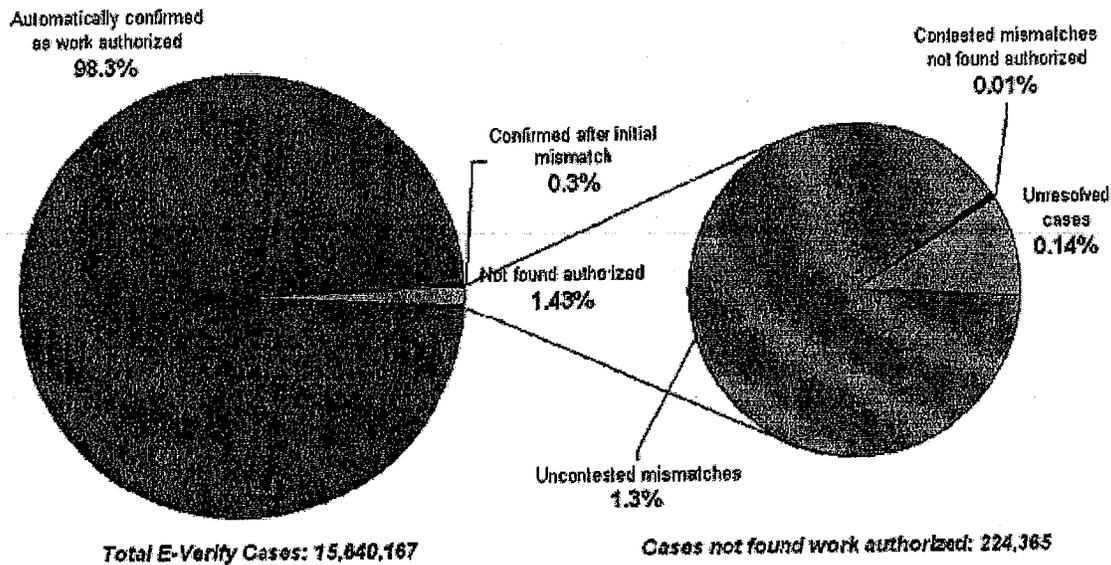

These statistics are based on E-Verify cases in Fiscal Year 2010 (October 2009 through September 2010). Statistics may not appear to sum to 100 percent (or to the subtotals listed below) due to rounding.

Most employees are automatically confirmed as work authorized.

- **98.3** percent of employees are automatically confirmed as authorized to work ("work authorized") either instantly or within 24 hours, requiring no employee or employer action.
- **1.7** percent of employees receive initial system mismatches.

Of the 1.7% of employees who receive initial system mismatches:

- **0.3** percent are later confirmed as work authorized after contesting and resolving the mismatch.
- **1.43** percent are not found work authorized.

Of the 1.43% of employees not found to be work authorized:

- **1.3** percent of employees who receive initial mismatches do not contest the mismatch either because they do not choose to or are unaware of the opportunity to contest and as a result are not found work authorized. The E-Verify program closely monitors uncontested mismatches and actively reaches out to employers to ensure that they are aware of their responsibility to inform employees of the right to contest.
- **0.01** percent of employees who receive initial mismatches contest the mismatch and are not found work authorized.
- **0.14** percent of employees with initial mismatches are unresolved because the employer closed the cases as "self-terminated" or as requiring further action by either the employer or employee at the end of FY10.

Note: The statistics reported above differ from the 96 percent "accuracy rate" as reported by the Westat Corporation in "Findings of the E-Verify Program Evaluation," because Westat used E-Verify transaction data from April-June 2008 in a model to estimate accuracy rates.

E-Verify is regularly updated and enhanced to improve its accuracy and usability.

For a description of E-Verify program improvements, please see the E-Verify History and Milestones webpage.

Reports

In order to continue to improve E-Verify operations and efficiency, several government and independent reports are conducted to provide information to guide the direction of the program.

- E-Verify Customer Satisfaction Survey, October 15, 2010
- GAO Report, December 2010
    - DHS Response to GAO-E-Verify Report
- The Practices and Opinions of Employers who do not Participate in E-Verify, December 2010
- Westat Evaluation of the E-Verify Program: USCIS Synopsis of Key Findings and Program Implications (January 2010)
- Findings of the E-Verify Program Evaluation (December 2009)

Last updated: 02/04/2011
